

## RADIOLOGY AI-AS-A-SERVICE, NOT JUST SOFTWARE

Clinically integrated AI solutions which enhance patient care and drive meaningful return on investment.

### A One-Stop-Shop Approach to Imaging AI

Canopy Partners is a privately held healthcare technology company that provides innovative solutions for hospitals and health systems around the country. We offer a full spectrum of imaging IT solutions designed to enhance patient care and reduce costs.

There is no such thing as a one-and-done software purchase. Radiology AI-as-a-Service is an all-inclusive approach to artificial intelligence services with a partner that can deliver an all-in-one offering, allowing health systems to focus on their core business. This approach allows radiology health systems to expand their IT portfolio in a way that is integrated with clinicians and IT/workflow, while keeping a health system's internal resources dedicated to the patient experience and allowing the partner to implement and manage the AI life cycle.
